

Meeting Tuesday 11<sup>th</sup> April 2017

Each member of the PC was given a bound hard copy of the Draft Plan (which had been laid out by a designer). They have been given until next **Tuesday morning 18th April** to come back to David with their comments.

Their comments will be addressed and incorporated into a revised draft to be circulated to them on 1st May - one week ahead on the **PC meeting on the 8th May**.

The PC will hopefully ratify the NP at the meeting on 8th May - which will then **trigger the 6 weeks public consultation** which will start on Thursday 11th May.

On Wednesday we need to run through a list of action points following last night's meeting. It would be good if we can distribute some of the work between us.

**Things we need to do:**
