

Paddock Farm Butchery

Hello Everyone,

In such tricky times, we're asking for your support. We're a local family-run business, trading locally raised, sustainable meat. We know it's harder for you all to come and support us right now, so if you'd prefer, we're happy to bring our food direct to you. No need to face the supermarkets and empty shelves - you can feel good that you and your family are eating well as well as helping your local butcher at this time. So, we're offering a delivery service direct to your door. FREE local deliveries to Tysoe.

Ideally, we would like you to spend in the region of £20 but don't let that put you off calling us. If we are delivering in Tysoe anyway, we can drop something off for you. We can deliver within a 2-hour slot, or we can leave deliveries in a safe place for those in self-isolation or wanting to maintain social distancing. Deliveries are Monday – Friday, 10am-4pm. Place your order by calling us at the shop on **01608 685664**.

For those of you who still want to come and pick up your shopping, we are OPEN! We want to reassure you that we always maintain high hygiene standards – we have a 5* hygiene rating - but we are increasing our visible cleaning measures in light of Covid-19, and regularly disinfecting any contact surfaces.

We would prefer to accept contactless and ApplePay payments at this time to decrease money handling. We really appreciate your help and support right now. Let's work together and get through this together. Thanks,

The Paddock Farm Team @ Paddock Farm Butchery
