

Guidance for families using Tysoe Playground

The Council has reopened the playground on Monday 6th July 2020. To ensure you are ready to use the playground safely please read these simple instructions and plan ahead for safe fun this summer.

Parents must read this guidance and ensure their families follow it carefully for the safety of their children and others.

1. This equipment is checked regularly for damage and wear and tear, but it is not sanitised or disinfected.
2. This is share equipment, used at your own risk.
3. You are advised that children should not use this equipment if they are clinically or extremely clinically vulnerable.
4. Make sure you have hand sanitiser with you before entering the playground.
5. Encourage everyone in your family to wash their hands with hand sanitiser regularly and as a minimum before and after using the playground.
6. Encourage children to avoid touching their faces.
7. You **MUST** maintain social distancing from others unless they are from the same household – current advise is to maintain at least 2m and consider wearing a face mask.
8. Some equipment can only be used by one child at a time while social distancing. Please ensure you and your child waits at a safe distance if the equipment is in use or return later to use the equipment. Follow any signs or advice given.
9. Try to avoid busy times.
10. If you or your family is wearing disposable PPE or using tissues or wipes, please take it home with you or where provided use the bins at the entrances to the recreational ground – **DON'T LITTER.**
11. Wash your hands when you get home.

We hope you enjoy using the playground and thank you for helping to keep everyone safe by always following these simple instructions.

If you feel unwell, please return home immediately.
